

ADVISORY SUPPORT PLAN (ASP)

Mid-year Review

Holy Cross Lutheran School (2010 PLP-R/W School) – NET Scheme No. 210

September 2016 to July 2017

Comments:

The school management, Principal and EPC are very supportive of the NET Section programmes. PLP-R/W has been implementing successfully.

Parents' meeting was well received with more than 100 parents attending the session. Home Reading was introduced and their role in supporting reading was emphasised. School is very supportive and provides a lot of support in promoting reading.

The school has expressed interested in exploring self-directed learning. A workshop was arranged on 18 October 2016 to introduce self-directed learning. The workshop was well received by the English panel and the AT will follow up on this in the second term.
