Ms WONG Shuk Fan, Luparker	Ms TAM Ka Po, Carol		Ms BARKER Stephanie	Mr ABBASI Abuzar	Ms CHU Teresa

#### AT End-of-year Review Comments:

The school management, Principal and EPC are very supportive of the NET Section programmes. The school is willing to try new initiatives (Coding to Learn) to enhance students learning.

The school has maintained an excellent home-school relationship which is reflected through the keen participation from parents during the meetings. School uses every opportunity to promote home reading and provides every possible support to facilitate this.

Ms Stephanie will be leaving and her services will be missed. She is a very knowledgeable teacher and has worked hard to establish the school-based reading programme. Her support in setting up the guided reading programme with commercial readers is commendable. AT will be looking forward to supporting the school and the new NET in the coming year.
