

ADVISORY SUPPORT PLAN (ASP)

End-of-year Review

Holy Cross Lutheran School (2010 PLP-R/W School) - NET Scheme No. 210
September 2015 to July 2016

Comments

The school has been implementing the PLP-R/W programme since the 2010/11 school year. The programme is taught in P1 and P2. The teachers are very collaborative and open to new ideas. Space Town unit 4 was trialled with an e-learning lesson supported by the AT. This was well received. A further trial of 1 more unit in P1 and P2 is being planned for next school year to get the school's feedback on the resources.

The AT will be working towards helping school establish their Guided Reading library for the next school year. The school is advised to have their new teachers enrol in the PLP-R/W CPD training workshops.
